

GET TO KNOW OUR TREATMENTS

Classic braces (fixed metal braces)

Invisibility rating

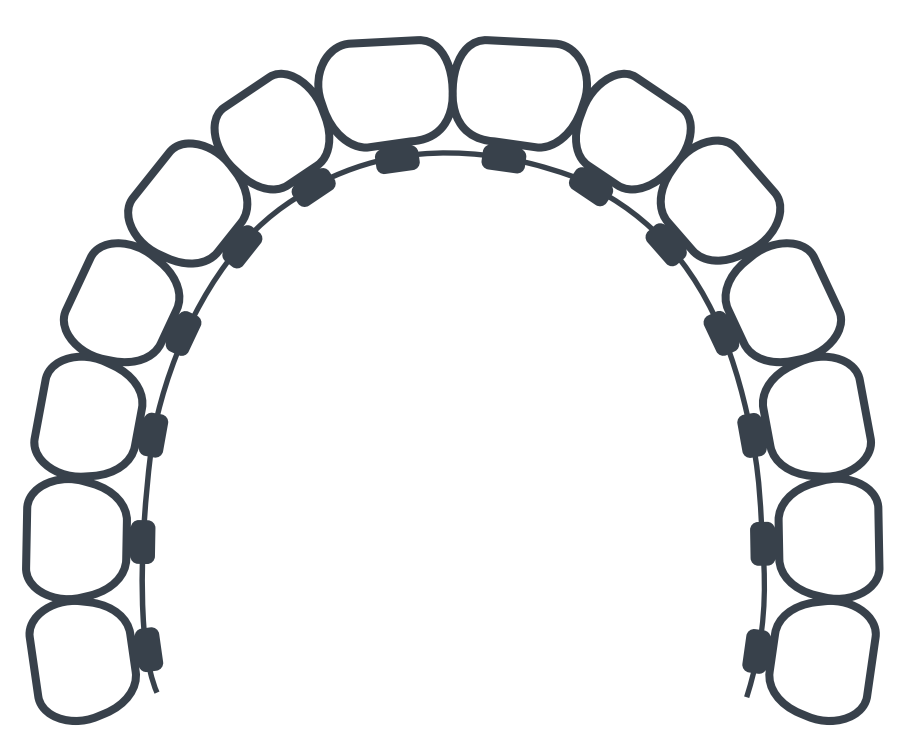

Why choose classic braces?

- A great price, also available on NHS for under 18s
- Coloured bands available to match your style
- High precision and versatility

Considerations

- Visible and not removable
- Some foods can't be eaten during treatment

Hidden braces (fixed lingual braces)

Invisibility rating

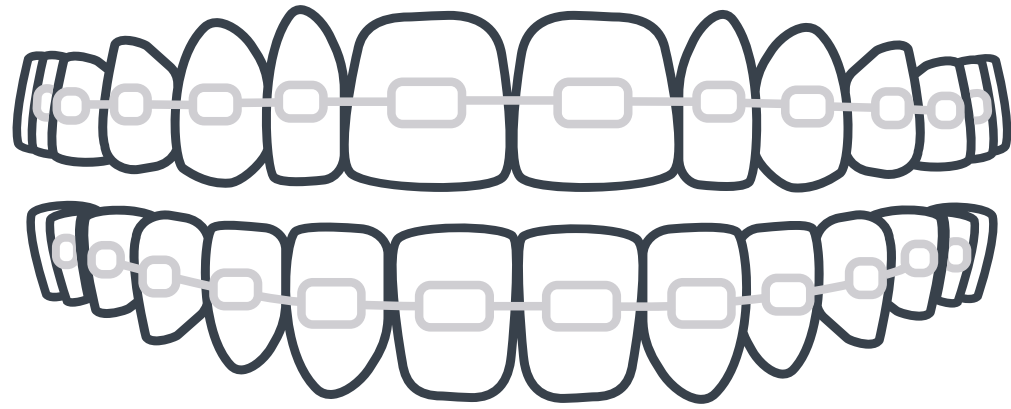

Why choose hidden braces?

- Virtually undetectable as they hide behind your teeth
- Available in gold for added comfort and luxury
- Can treat complicated cases

Considerations

- Generally more expensive than other treatments
- Can be less comfortable

Discreet braces (fixed ceramic braces)

Invisibility rating

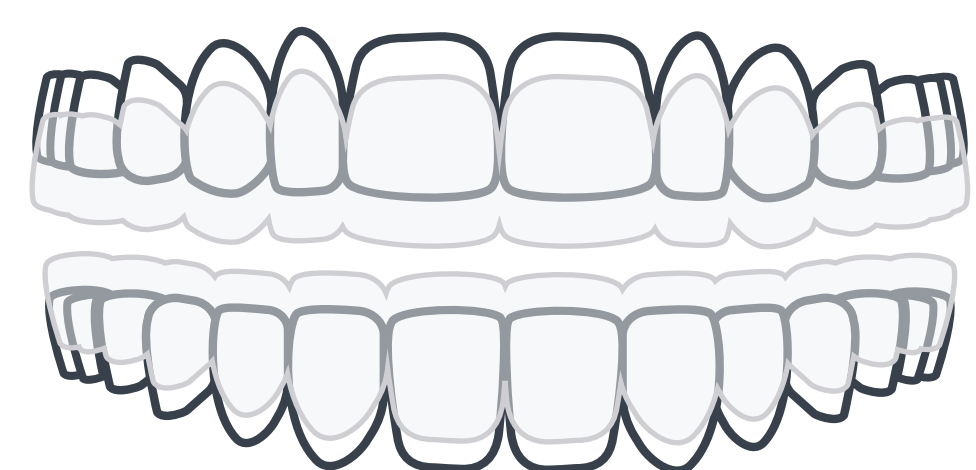

Why choose discreet braces?

- Ceramic material is more discreet than metal
- All the precision and versatility of fixed braces
- They're fixed in place so you won't forget to wear them

Considerations

- Not removable
- Can stain with certain foods

Invisalign (clear removable aligners)

Invisibility rating

Why choose Invisalign?

- Near invisible, discreet and removable
- A more comfortable option
- Oral hygiene is easier to maintain

Considerations

- Treatment could take longer in some cases
- May not be suitable if complex movement is required
